

Date: 22 October, 2015.

Subject:- 4<sup>th</sup> Kuwait Conference of Chemistry (KCC 2016)- Chemistry and Life Sciences ; Call for papers.

Dear Colleague,

I have great pleasure to inform you that Kuwait Chemical Society (KCS) is organizing the 4<sup>th</sup> Kuwait Conference of Chemistry **Under the Patronage of His Highness the Amir Sheikh Sabah Al-Ahmed Al Sabah**. The conference is scheduled to take place at Kuwait, 20-22 March 2016.

The aim of the conference is to bring together leading academic scientists, researchers and scholars in the area of life sciences chemistry from around the world. The title of this conference is "**Chemistry and Life Sciences**" and the topics of interest for submission include, but are not limited to:

- Environmental Chemistry
- Food and Nutritional chemical Sciences
- Clinical and Medicinal Chemistry
- Chemical Biotechnological
- Role of Chemistry in Forensic and Toxicology
- Chemistry of Natural Products

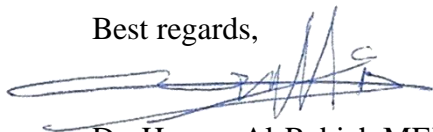

You and your colleagues are invited to submit abstract of an original research. Submission can be either for an oral or poster presentations in the conference topics. Abstracts will be reviewed and selected on merit for inclusion in the conference. The abstracts presented in the conference will be published as proceedings as well as full papers in a special issue in a refereed journal (KJS).

It gives me great pleasure if you could pass on this invitation to interested fellow scientists. The dead line for abstract submission is 15<sup>th</sup> of January 2016.

Should you need more information or have any inquiry in this regard please feel free to contact Mr. Mahesh Selvarajan (email: [info@kcc2016kw.com](mailto:info@kcc2016kw.com)).

For further information please visit the conference web site [www.kcc2016kw.com](http://www.kcc2016kw.com).

Best regards,

Dr. Hassan Al-Rabiah MEI MRSC  
Kuwait Institute for Scientific Research (KISR),  
Chair, Scientific Committee, KCC 2014.
