2nd POLISH-GERMAN BRIDGE CONFERENCE

19th-20th April 2018 | Chemnitz

The conference is a platform for partnerships and European projects that aims to promote collaboration between science partners and business enterprises of both countries.

With you, we want to strengthen transnational networks under the motto 'Industry meets Science'. In addition to the Prime Minister of Saxony, the Marshals of the Voivodships Opole and Lower Silesia have assumed patronage for this event and will open the conference with their greetings.
